HELLO-

I'M WRITING TO YOU BECAUSE I CANNOT BELIEVE YOU ARE EVEN CONSIDERING WITHDRAWING/INJECTING AT ALISO CANYON!!!
AREN'T YOU STARTING AN INVESTIGATION INTO SOCAL GAS? YOUR OIWN AGENCY?!?!
WHY DON'T THEY FIX THEIR PIPELINE OUTAGES??? I'm from New York and winter (snow & ice) or summer (hot and humid) they get their lines fixed pronto. Why is SoCal Gas being allowed to obviously short the transport lines and thus want you to believe they need Aliso. If they are so worried, fix the pipelines . They don't care because they know you'll have their backs. And you ARE aware that we really haven't used the facility or needed to except when they manufacture problems.
640 days we went without Aliso.

They cannot put this on us in this community to continue to feel the affects when they "vent" AND it's still leaking or something. There are too many days, we, in the community will contact each other with symptoms. WE ARE TIRED OF THIS. IF IT WERE FIXED IT WOULD BE ANOTHER THING. THEY ARE STILL LEAKING.

HELLOO!!! THE BLADE REPORT!!!! DO I NEED TO SEND YOU A LINK? I WAS AT YOUR WORKSHOP AND IT SEEMS YOU ALL KNOW ABOUT IT.

I'M SORRY THIS IS WRITTEN LIKE THIS BUT I AM TIRED!!!! Also, the deadline is in a few minutes.

WE MUST GET RID OF THIS FACILITY IMMEDIATELY.

DON'T DO IT!!!
